Read Matthew 3.13–17

Jesus arrives in Galilee and is baptized by John in the Jordan river. Although John is reluctant at first, because he thinks Jesus should be the one to baptize him, he agrees. The Spirit descends on Jesus like a dove and a heavenly voice calls him God's Beloved Son

A note on the passage.

This is one of the few events in the life of Jesus that is referenced in all four gospels, and it is the first time we read of Jesus as an adult. In coming to John for baptism, Jesus demonstrates an attitude of humility, setting the tone for his ministry that lies ahead. We also learn of God's attitude towards Jesus – he is 'well pleased' with his 'Beloved'

GO OUTDOORS

In the passage, images from nature – of a river and a dove – help us to learn about God’s attitude. If able, go for a walk in the natural environment near where you live, and look out for things that give you a glimpse of God’s love for the world.

How can you get into the right mind-set for
your faith journey?

NEW YEAR

Many people will be returning to work or school or back to a normal routine after the Christmas holidays around now. Think about what sort of attitude people should start the New Year with.
