Genesis 1:1–5 *God shakes things up*

In this description or imagining of creation, before God creates the heavens and earth there is only a formless void, complete darkness and endless water. God's first act is to create light, and then to separate light from dark, day from night – the first day.

First impressions

- If you made a snow globe, what would you put in it?
- If you could shake the world and start over, what would you want to see emerge?
- What can you do to help your vision take a step towards reality?

Pray

A prayer of thanksgiving

Almighty God, thank you for the year which now lies behind us.
Thank you for all you gave and all we received. We praise you
for a new start, a beginning and a new year. Amen.

REFLECT

Each morning as you look in the mirror, name the places
and situations in your life that you want God to speak
into, shake up and bring light to.
