Acts 4:32–35 *Living as a generous community.*

Luke gives a brief description of life in the new Christian community. No one claimed exclusive ownership of their possessions or wealth; everything was held in common. Property and land was sold to make sure no one was left in need. And, supported by this, the apostles were able to preach powerfully the message of the risen Christ.

First impressions.

- In what practical ways does your church community show God's love and generosity to others?
- What challenges come with sharing?
- What needs could your church help to meet in the local community? challenge or encourage you?

Pray

A prayer for others.

Holy Spirit, help us to have eyes to see those who are in need, hearts that know what it is to care, and hands that are open to share what we have. Amen.

ACT

Think about how you can show generosity to someone you know – perhaps make them a card, send a cheery text, or invite them round for a coffee.
